## **GRADUATE CERTIFICATE IN** ANATOMICAL AND TRANSLATIONAL **SCIENCES**

The graduate certificate in anatomical and translational sciences (GCATS) in the Columbian College of Arts and Sciences educates students in translational sciences with an understanding of human gross anatomy, embryology, functional histology, neuroanatomy, modern stem cell and developmental biology, and technology for biomedical molecular imaging. GCATS offers a contemporary clinical emphasis using problem-based learning. This two-semester program is designed to maximize career opportunities in the health fields, to enhance competitiveness of applications to medical school or physician assistant programs, or to transition into an advanced graduate degree program in the biomedical sciences.

Visit the program website (https://smhs.gwu.edu/anatomy/ education/gcats/) for additional information.

## **ADMISSIONS**

Admission Fall - June 15

deadlines:

Standardized MCAT and GRE scores are not required. However, tests: applicants who have completed the MCAT or GRE

should upload a copy of their official scores as a supporting document to their online application.

Recommendations (2) recommendations required: required:

- One faculty recommendation emphasizing the applicant's academic ability; and
- One work-related, research-related, or volunteer recommendation highlighting the applicant's commitment to a career in health care or biomedical sciences.

Prior academic records:

Transcripts are required from all colleges and universities attended, whether or not credit was earned, the program was completed, or the credit appears as transfer credit on another transcript. Unofficial transcripts from all colleges and universities attended must be uploaded to your online application. Official transcripts are required only of applicants who are offered admission.

If transcripts are in a language other than English, English language translations must be provided. The English translation alone should be uploaded into your application.

Prerequisite Minimum undergraduate GPA: 3.0. Minimum requirements undergraduate BCPM: 3.0. Bachelor's degree in

> life sciences is recommended but NOT required. All premedical prerequisites should be completed with a C- or better. Online courses are typically not accepted, but exceptions are made due to courses moved online during the COVID-19 pandemic. Applicants must indicate if they are enrolled in a pre-medical requirement course no later than the final semester prior to their intended enrollment at GW. Applicants who previously applied to medical schools need to include their AMCAS-verified application as a PDF file after their personal essay. For more information on premed coursework, please see: http://smhs.gwu.edu/anatomy/education/ gcats/application (http://smhs.gwu.edu/anatomy/ education/gcats/application/).

purpose:

Statement of In an essay of 1,000 words state your purpose in undertaking graduate study in your chosen field. Include your academic objectives, research interests, and career plans. Also discuss your related qualifications, including collegiate, professional, and community activities, and any other substantial accomplishments not already mentioned on the application.

Additional Applicants are required to submit a BCPM requirements (science-math) GPA calculation document.

The BCPM calculation form is available here: https://advising.columbian.gwu.edu/bcpmcalculator-and-submission-instructions (https:// advising.columbian.gwu.edu/bcpm-calculator-andsubmission-instructions/)

applicants only:

International Please follow this link - https://columbian.gwu.edu/ international-graduate-applicants (https:// columbian.gwu.edu/international-graduateapplicants/) - to review the International Applicant Information carefully for details on required documents and English language requirements. Please note: international students who require a student visa from GW are not eligible to apply for admission to the program.

Supporting documents not submitted online should be mailed to:

Columbian College of Arts and Sciences, Office of Graduate **Studies** 

The George Washington University 801 22nd Street NW, Phillips Hall 107 Washington DC 20052

For additional information about the admissions process visit the Columbian College of Arts and Sciences Frequently Asked Questions (https://columbian.gwu.edu/graduate-admissionsfaq/) page.

Hours: 9:00 am to 5:00 pm, Monday through Friday

## **REQUIREMENTS**

Code	Title	Credits
Required:		
ANAT 6130	Clinically Oriented Human Embryology	
ANAT 6150	Clinically Oriented Human Microscopic Anatomy	
ANAT 6160	Human Clinical Neuroanatomy	
ANAT 6181	Clinically Oriented Human Gross Anatom	У
ANAT 6292	Projects in Anatomical Sciences: Introduction to Neuroradiology	

## One of the following options:

ANAT 6223 taken twice; or ANAT 6275 taken twice; or ANAT 6223 and ANAT 6275 each taken once. Students must consult the academic advisor before selecting one of these options.
