

# MASTER OF ARTS IN THE FIELD OF INTERIOR ARCHITECTURE

The master of arts in interior architecture program is designed for students who have received an undergraduate degree in interior design, interior architecture, or architecture, and who wish to continue to challenge themselves in an academic setting.

The program aims to produce design thinkers and leaders in the industry of the built environment. Emphasis is on conceptual thinking and the design process, community engagement, and leadership in the profession. The core of the program comprises a consecutive studio sequence that challenges students to solve a problem by creating a spatial design solution.

This program is offered on a full-time basis only.

Visit the program website (<https://corcoran.gwu.edu/interior-architecture-graduate/>) for additional information.
