

# MINOR IN ECONOMICS

The minor in economics program offers students a way to enhance their primary field of interest with in-demand skills in economics, business statistics, and management sciences. The minor requires 24 credits in courses such as Macroeconomic Theory, Principles of Economics, and Calculus for the Social and Management Sciences. An economics minor pairs well with fields including physics, engineering, computer science, business, pre-med, biology, and more.

## REQUIREMENTS

The following requirements must be fulfilled: 24 credits, including 15 credits in required core courses and 9 credits in additional requirements.

Code	Title	Credits
<b>Required core courses</b>		
ECON 1011	Principles of Economics I	
ECON 1012	Principles of Economics II	
ECON 2101	Intermediate Microeconomic Theory	
or ECON 2103	Intermediate Microeconomic Theory: A Mathematical Approach

### Additional requirements

Two courses (6 credits) in Economics (ECON) electives numbered between 2000 and 4999 are required. The following guidelines and restrictions apply:

FINA 3301 may be used as a substitute for one ECON elective course (3 credits) numbered between 2000 and 4999. However, credit may not be earned for both FINA 3301 and ECON 2121

ECON 2180 does not satisfy the minor electives requirement if taken concurrently with or after successful completion of ECON 2181 or ECON 2182.

One course (3 credits) taken from one of the following three options:

Option A:

STAT 1111	Business and Economic Statistics I (or equivalent)
or STAT 1051	Introduction to Business and Economic Statistics
or STAT 1053	Introduction to Statistics in Social Science

Option B:

MATH 1232	Single-Variable Calculus II
