

# MASTER OF BUSINESS ADMINISTRATION

The GW School of Business master of business administration (MBA) program offers a high-quality education in a number of full- and part-time formats designed to accommodate students' career and scheduling needs. The MBA program helps students achieve proficiency in the fundamentals of business, while mastering the tools of business administration and understanding how business is situated in the broader global and ethical environment. The program puts an emphasis on technology, analytics, and experiential opportunities to achieve these outcomes.

The MBA is offered in the following formats and with an optional online concentration in healthcare:

## Accelerated MBA

The accelerated MBA program is designed to allow students to complete an MBA degree in two years. The program is structured specifically for students who are currently employed.

The accelerated program is offered in a cohort format during the first year, covering most of the core MBA curriculum. Students register for a full-time workload during the first year, allowing for the completion of more credits than would normally be the case for part-time students. This is accomplished by holding the cohort courses in a condensed, five-week format, running back-to-back on Wednesday evenings (usually after 5:00 p.m.) and Saturdays (usually from 9:30 a.m. to 3:30 p.m.).

Beginning with their second year, students shift their focus toward their selective and elective course requirements, while completing their final required core courses. Because electives are offered in the normal, 14-week format, a part-time course workload is recommended; however, the second year can be completed at a full-time pace for students who are required and able to handle the workload.

The accelerated MBA is also offered in a STEM-designated format.

Visit the program website (<https://business.gwu.edu/amba/>) for additional information.

## Flex MBA

The part-time flex MBA program provides a dynamic experience in teamwork, critical thinking, and judgment. The program focuses on the fundamentals of business and reflects the growing value of ethical leadership, globalization, sustainability, and social responsibility.

The flex MBA is rigorous in theory and experiential in practice. It capitalizes on the University's location in Washington, DC, where business and politics intersect. Students can dive deeper into their program of study through intensive weekend formats or explore experiential courses that leverage GW's unique location. In addition, a short-term study abroad program is available, in which students can earn up to 6 credits in just one to three weeks.

The program gives students flexibility to complete their degree in two to five years, whether pursued on campus or online. GW's main campus is just two blocks from the Foggy Bottom Metro station. Classrooms, faculty offices, academic advisors, and the F. David Fowler Career Center are all located under one roof. Recognizing that balancing school, work, and family can be a challenge, the program is designed to ensure students get as much out of their MBA experience as possible.

Visit the program website (<https://business.gwu.edu/academics/programs/mba/professional-mba/>) for additional information.

## Global MBA

The full-time, two-year global MBA program blends rigorous training in traditional business skills with a focus on core values of global leadership, ethics, sustainability, and corporate social responsibility. Students in the global MBA program are challenged to view things from a wider perspective and to make decisions that strive for profit as well as positive impact.

Before fall classes begin, students spend their first three weeks on campus in MBA Runway, an orientation program designed to introduce new students to the MBA experience, their fellow students, Business School faculty and alumni, student resources, and life in Washington, DC. The first year of the global MBA focuses on core courses composed of lectures, case studies, team projects, and experiential learning opportunities. The year ends with the Consulting Abroad Program, giving students first-hand experience in doing business abroad. The second year of the program allows students to focus on their specific professional goals and build their tech and analytics toolbox through selective courses and STEM electives.

The Global MBA is also offered in a STEM-designated format.

Visit the program website (<https://business.gwu.edu/global-mba/>) for additional information.

## Online MBA

By combining business and analytical skills with an ethical focus, the online MBA helps students to solve business problems that benefit their organizations as well as society.

Students in the online MBA program are at the forefront of smarter business—business that considers its impact on the world as well as the bottom line. In addition to rigorous training in traditional business competencies, every one GW's MBA programs is infused with ethical leadership, corporate citizenship, and a global perspective.

For each course, students participate in weekly one-hour guided live classroom sessions, consisting of lectures, case discussions, and/or group activities. These live sessions are offered during evenings/weekends. They also are recorded and made available to students within the digital platform. These sessions give participants real-time contact with faculty and other students. This mix of digital and live sessions maximizes learning and flexibility.

In addition, to live classroom discussions, faculty are available to students during online office hours offered through the digital classroom platform. Office hours afford students the opportunity to interact informally with faculty and ask questions about course material and assignment feedback.

Visit the program website (<https://business.gwu.edu/academics/programs/online/mba/>) for additional information.

## Online MBA, Healthcare Concentration

GW's online healthcare MBA attracts professionals seeking to acquire solid business skills with a clear healthcare focus. The program's objective is to help students develop specialized expertise to pursue leadership roles, including health services manager, administrator, and executive.

The healthcare MBA offers physicians, administrators, pharmacist or pharmaceutical executives, business professionals, nurses, healthcare directors or managers, scientists, and dentists or dental hygienists with options to align their program with their individual career goals.

As with the online MBA, for each course, students participate in weekly one-hour guided live classroom sessions, consisting of lectures, case discussions, and/or group activities. These live sessions are offered during evenings/weekends. They also are recorded and made available to students within the digital platform. These sessions provide participants with real-time contact with faculty and other students. This mix of digital and live sessions maximizes learning and flexibility.

In addition to live classroom discussions, faculty are available to students during online office hours offered through the digital classroom platform. Office hours afford students the opportunity to interact informally with faculty and ask questions about course material and assignment feedback.

Visit the program website (<https://business.gwu.edu/academics/programs/online/mba-healthcare/>) for additional information.

## ADMISSIONS

**Admission deadlines:** Fall: Round 1 - November 15; Round 2 - January 15; Round 3 - March 15; Round 4 - May 1; After May 1 – Rolling

Spring (non-Global MBA programs only): Round 1 - October 1; Round 2 - November 15; After November 15 – Rolling

Summer (Online & Healthcare MBA only): Round 1 - November 15; Round 2 - January 15; Round 3 - March 15; Round 4 - April 15

**Application form:** Our application process for designated degree and certificate programs is through a secure, electronic submission process. The application and uploaded electronic documents will be submitted directly to the Office of Graduate Admissions via a secure, online process.

**Current resume:** Please list your entire work history including start and stop dates. You can upload the resume in the Employment History section of the online application form.

**Statement of purpose:** A Statement of Purpose is required for your application. Be sure to check your academic program of interest for any specific requirements regarding the statement. If there are no specific program requirements, your statement of approximately 500 words should address your interests, academic and professional objectives, and proposed topic(s) of graduate study. Please review the academic program pages for any additional guidelines for the statement of purpose.

**Prior academic records:** Applicants are required to upload and submit copies of transcripts from all undergraduate and graduate institutions attended, whether or not the program was completed or the credit appears as a transfer credit on another transcript.

We consider these uploaded transcripts to be "unofficial" as they are submitted by the applicant. Applicants who receive an offer of admission will be required at that time of enrollment to submit official final transcripts. An acceptable transcript is a copy of an official transcript produced by the institution.

If submitting transcripts from a foreign institution, please reference the International Student Requirements section for detailed information on requirements.

**Letters of recommendation:** One official letter of recommendation is required by the GW School of Business unless your specific program mandates two or more. The recommendation(s) must be from an individual in a position to appraise the applicant's potential for graduate study (i.e. Manager, Professor, Mentor or etc.). Some programs have specific requirements for recommendation providers.

**Standardized test scores:** Some departments and programs require applicants to take standardized entrance examinations such as GRE (institution code: 5246) or GMAT (institution code: QK4-4F-40) scores. Please refer to your academic program for examination requirements and waiver information.

**English proficiency:** All applicants are required to demonstrate a level of proficiency in the English language sufficient to meet the admission requirement of the School of Business. Please reference our International Student Requirements for more details.

**Supplemental data:** Some departments and programs require the completion of supplemental data or submission of materials such as certificates or writing samples. Review the application requirements of your program of interest to determine if supplemental questions and/or materials are required.

International applicants only: Applicants who have not completed a post-secondary degree from a U.S. institution are required to submit TOEFL, IELTS, PTE Academic, or the Duolingo English Test scores to be considered for admission. Scores may not be more than two years old. To ensure TOEFL scores are sent to GW, use institutional code 5246. An institutional code is not required to send IELTS or PTE scores to GW.

PLEASE NOTE that the minimum English language test scores required by this program are:

- IELTS: Score of 6.0 overall with no individual score below 5.0.

- TOEFL: Score of 80 on the Internet exam (iBT) or 550 on the paper exam

- Duolingo English Test: Score of 110 or higher. Scores should be sent to GW School of Business.

- PTE Academic: Score of 53 or higher on the PTE Academic Test.

Supporting documents not submitted online should be mailed to:

The GW School of Business  
Attn: Graduate Admissions  
2201 G Street, NW, Suite 550  
Washington, DC 20052

Contact for questions:

business@gwu.edu  
202-994-1212  
Hours: 9 am to 5 pm, Monday through Friday

Visit the School of Business website (<https://business.gwu.edu/graduate-applications/>) for additional admissions information.

## REQUIREMENTS

The following requirements must be fulfilled:

For the accelerated, online, and flex MBA—46.5 credits, including 34.5 credits in required core courses and 12 credits in elective courses.

For the global MBA—53 credits, including 35 credits in required courses, 3 credits the tech/analytics-focused courses and 15 credits in elective courses.

Accelerated, online, and flex MBA

Code	Title	Credits
<b>Required</b>
