

DUAL BACHELOR OF SCIENCE WITH A MAJOR IN MECHANICAL ENGINEERING AND MASTER OF SCIENCE IN THE FIELD OF MECHANICAL AND AEROSPACE ENGINEERING

The School of Engineering and Applied Science offers a dual bachelor of science with a major in mechanical engineering (<http://bulletin.gwu.edu/engineering-applied-science/mechanical-aerospace-engineering/bs-mechanical-engineering/>) and master of science in the field of mechanical and aerospace engineering (<http://bulletin.gwu.edu/engineering-applied-science/mechanical-aerospace-engineering/ms/>) degree program. The program allows students to take 9 graduate credits as part of their undergraduate program, thereby decreasing the number of credits normally required for the master's degree. All requirements for both degrees must be fulfilled.

Students interested in the dual degree program should confer with the department's graduate adviser early in their junior year. Visit the program website (<https://www.seas.gwu.edu/bs-mechanical-engineeringms-mechanical-and-aerospace-engineering/>) for additional information.
