MASTER OF SCIENCE IN THE FIELD OF MECHANICAL AND AEROSPACE **ENGINEERING (STEM)**

GW's mechanical and aerospace engineering program boasts areas of excellence in nanotechnology, biomimetics, biomedical engineering, and energy, in addition to its strengths in the discipline's traditional fields. Graduate students can pursue the following focus areas: aerospace engineering; design of mechanical engineering systems; fluid mechanics, thermal sciences, and energy; industrial engineering; robotics, mechatronics, and controls; solid mechanics and materials science; and structures and dynamics.

Master's degree students learn excellent skills at the cutting edge of mechanical and aerospace engineering and benefit from GW's breadth of research in the discipline. Students may choose a thesis or non-thesis option for the master's degree.

This is a STEM designated program.

Visit the department website (https:// www.mae.seas.gwu.edu/) for additional information.

ADMISSIONS

Admission Fall - January 15 deadlines:

Spring – September 1

Summer - March 1 (non-F1 visa seeking applicants)

Standardized The GRE General Test is optional for all applicants. For test scores: applicants who want to submit scores, they must be

submitted officially from ETS using the institutional

code 5246.

The Test of English as a Foreign Language (TOEFL), the academic International English Language Testing System (IELTS), or the PTE Academic is required of all applicants except those who hold a bachelor's, master's, or doctoral degree from a college or university in the United States or from an institution located in a country in which English is the official language, provided English was the language of instruction. Minimum scores:

- Academic IELTS: an overall band score of 6.0 with no individual score below 5.0; applicants requesting funding consideration must have an overall band score of 7.0 with no individual score below 6.0; or
- TOEFL: 550 on paper-based or 80 on Internetbased; applicants requesting funding consideration must have 600 on paper-based; or 100 on Internetbased; or
- PTE Academic: 53; applicants requesting funding consideration must have 68.

Recommendations (2) recommendations required. If possible, one

recommendation should be from your advisor at

the institution from which you earned your highest

Prior academic records:

Transcripts are required from all colleges and universities attended, whether or not credit was earned, the program was completed, or the credit appears as transfer credit on another transcript. Unofficial transcripts from all colleges and universities attended must be uploaded to your online application. Official transcripts are required only of applicants who are offered admission.

If academic records are in a language other than English, a copy in the original language and an English language translation must be uploaded. Transcript evaluations should not be uploaded. Applicants who have earned a degree from an Indian university are required to submit individual semester marksheets.

purpose:

Statement of In an essay of 250 to 500 words, state your purpose in undertaking graduate study at The George Washington University; describe your academic objectives, research interests, and career plans; and discuss your related qualifications, including collegiate, professional, and community activities, and any other substantial accomplishments not already mentioned.

Additional

Familiarity with computers and a bachelor's degree requirements with a grade point average of at least 3.0 (on a scale of 4.0) in the last 60 hours of coursework. All applicants must choose an area of focus that most closely matches their interests and note this on the online application.

applicants only:

International Please review International Applicant Information (https://graduate.admissions.gwu.edu/ international-student-application-requirements (https://graduate.admissions.gwu.edu/ international-student-application-requirements/)) carefully for details on required documents, earlier deadlines for applicants requiring an I-20 or DS-2019 from GW.

For additional information about the admissions process visit the SEAS Admissions Frequently Asked Questions (https:// graduate.engineering.gwu.edu/admissions-frequently-askedquestions/) page.

Hours: 9:00 am to 5:00 pm, Monday through Friday

REQUIREMENTS

Aerospace engineering

Code	Title	Credits
Required		
APSC 6212	Analytical Methods in Engineering II	
APSC 6213	Analytical Methods in Engineering III	
MAE 6286	Numerical Solution Techniques in Mechanical and Aerospace Engineering	
One of the following:		
MAE 6207	Theory of Elasticity I	

MAE 6221 Fluid Mechanics

Electives

Electives

Remaining credits are taken as elective courses in aeroacoustics, aeronautics, astronautics, propulsion, or space systems.

Design of mechanical engineering systems

Code	Title	Credits
Required		
MAE 6243	Advanced Mechanical Engineering Desig	n
MAE 6251	Computer-Integrated Manufacturing	
One of the following:		
APSC 6212	Analytical Methods in Engineering II	
APSC 6213	Analytical Methods in Engineering III	
MAE 6286	Numerical Solution Techniques in Mechanical and Aerospace Engineering	
Electives		

Remaining credits are taken as elective courses in computeraided design, computer-integrated design and manufacturing, mechanical engineering design, or robotics.

Fluid Mechanics, thermal sciences, and energy

Required	
APSC 6213 Analytical Methods in Engineering III	
MAE 6221 Fluid Mechanics	
MAE 6286 Numerical Solution Techniques in Mechanical and Aerospace Engineering	

Remaining credits are taken in elective courses, selected in consultation with the advisor.

Industrial engineering

	Code	Title	Credits
	Required		
	EMSE 6755	Quality Control and Experimental Design	
	EMSE 6770	Techniques of Risk Analysis and Management	
	MAE 6251	Computer-Integrated Manufacturing	
	One of the following:		
	APSC 6212	Analytical Methods in Engineering II	
	APSC 6213	Analytical Methods in Engineering III	
	Electives		

Remaining credits are taken in elective courses, selected in consultation with the advisor.

Title

Solid mechanics and materials science

Required	
APSC 6213	Analytical Methods in Engineering III
Two of the following:	
MAE 6210	Continuum Mechanics
MAE 6238	Biomaterials
MAE 6239	Computational Nanosciences
MAE 6291	Special Topics in Mechanical Engineering
ECE 6221	Introduction to Physical Electronics

Electives

Code

Remaining credits are taken in elective courses, selected in consultation with the advisor.

Structures and dynamics

Code	litie	Creaits
Required		
APSC 6213	Analytical Methods in Engineering III	
MAE 6207	Theory of Elasticity I	
MAE 6286	Numerical Solution Techniques in Mechanical and Aerospace Engineering	

Credits

Electives

Remaining credits are taken in elective courses, selected in consultation with the advisor.

Robotics, mechatronics, and controls

Code	Title	Credits
Required		
MAE 6243	Advanced Mechanical Engineering Designation	gn
MAE 6245	Robotic Systems	
MAE 6246	Electromechanical Control Systems	

Electives

Remaining credits are taken in elective courses, selected in consultation with the advisor.

Graduation and Scholarship Requirements—Students are responsible for knowing the University's minimum GPA requirement for graduation and scholarships (http://bulletin.gwu.edu/engineering-applied-science/#graduation_requirements_ms). Students should contact the department for additional information and requirements.
