BACHELOR OF ARTS OR BACHELOR OF SCIENCE WITH A MAJOR IN INTERNATIONAL AFFAIRS, INTERNATIONAL ECONOMICS CONCENTRATION

Requirements for the concentration

The International Economics concentration addresses international economic challenges and policy alternatives with a focus on economic reasoning and quantitative data analysis. Topics include international trade and investment, international finance and macroeconomic policy, international business strategies and economic organization, the development of national and regional economies, and the relationship between economics and politics.

Students in the BA in international affairs program must complete at least five courses (15 credits) to fulfill their concentration requirements, as indicated below. These courses must be taken in at least two different academic departments.

Students in the BS in international affairs program must complete at least three courses (9 credits) to fulfill their specialization requirements, as indicated below. It is not required that these courses be taken in two different academic departments.

Students completing this concentration or specialization must use ECON 2181 to satisfy the international economics major requirement.

Code	Title	Credits
Required		
ECON 2182	International Macroeconomic Theory and Policy	
Supporting courses
