

BACHELOR OF SCIENCE WITH A MAJOR IN EXERCISE SCIENCE (STEM)

Program Director: M. Barberio

The bachelor of science with a major in exercise science degree program prepares individuals for careers in medicine and other health-related professions including athletic training/sports medicine, physical therapy, physician's assistant or nursing, exercise physiology and rehabilitation, sport psychology, strength and conditioning, as well as fitness and health promotion.

Students in the exercise science major may select the pre-medical professional concentration (<http://bulletin.gwu.edu/public-health/exercise-science/bs/pre-medical/>) (for those planning to enter a medical, physician assistant, or nursing program upon graduation), the pre-physical therapy concentration (<http://bulletin.gwu.edu/public-health/exercise-science/bs/pre-physical-therapy/>), the pre-athletic training/sports medicine concentration (<http://bulletin.gwu.edu/public-health/exercise-science/bs/pre-athletic-training/>), and the strength and conditioning concentration (<http://bulletin.gwu.edu/public-health/exercise-science/bs/concentration-strength-conditioning/>). The exercise science major may also be taken without a (p. 1)concentration.

This is a STEM designated program.

Visit the program website (<https://publichealth.gwu.edu/programs/exercise-science-bs/>) for additional information.
